Course catalogue for international
exchange students

2017-2018

NOTE FOR INTERNATIONAL EXCHANGE STUDENT

As an exchange student selected to study at ÉSAD orléans, you will need to formulate an accurate study program (learning agreement), approved by your home institution, ÉSAD Orléans, and yourself.

The learning agreement contains the courses the exchange student is planning to take and the ECTS credits allocated. All courses have a number of credits allocated reflecting the time that an average student will need to attend the course and finish it. The credit is the total of all study activities for one course: lectures, seminars, practicals, study time, etc. One credit stands for 25 to 30 hours of total study time.

A full-time one-year study programme amounts to 60 credits (30 credits per semester), which comprises a student workload of about 1500 to 1800 hours.

To help you with the selection of your courses, we have created an overview of the courses offered to exchange students at ÉSAD Orléans.

The detailed catalogue with courses descriptions in French can be found on our website www.esad-orleans.fr

Please be aware that the courses presented here are the ones offered in 2017-2018 and might slightly be subject to change next academic year

How to create a correct learning agreement

Step 1 : Contact the International Coordinator of your home university to request the Learning Agreement template

Step 2 : Fill out the Learning Agreement correctly

Make sure your Learning Agreement is signed and sealed by your home university and yourself.

For further information or assistance selecting courses, please contact the international coordinator, Julie QUESNEL at international@esad-orleans.fr
